## Postgraduate Kinesiology Training

**The Professional Kinesiology Programme™**, taught by Kinesiology Schools Australia offers the most comprehensive, student-centred training in Kinesiology worldwide. These units are accredited with the Australian Institute of Kinesiology (AIK).

Each of the Kinesiology Schools Australia campuses provides postgraduate these units covering 11 advanced topics. These units are only available to students who have completed this Diploma. Graduates can choose to study all or some of these advanced units. We recommend all the units to truly become an expert in the field.

The Complete Professional Kinesiology Programme™ as the name implies is the *complete* Professional Kinesiology Programme written by Dr Bruce Dewe and accredited by the International College of Professional Kinesiology Practice.

Graduates of the Complete PKP will be sought after practitioners. The extra units take Diploma graduates from very good, knowledgeable, and experienced practitioners to the highest level of training available in Kinesiology.

These units can be used towards CPE (continued professional education) points required by all professional health industry bodies. The techniques in these units are advanced techniques that quickly provide positive and effective results.
